MIDDLEBURG.

Q. C. Godby beat M. E. Tarter 800 votes in the race for county attorney in the primary Saturday. If that was not a Waterloo, what kind of a "loo" was it.

David Clark and Roe Black will be tried Friday at Yosemite on a charge of disturbing a public assembly. There has been quite an array of witnesses summoned and a big crowd is expected to attend.

Nearly every farmer in this section will try his hand at raising tobacco this year. Ground is being broken and other preparations are being made for the crop, which seems to us means a low price for tobacco next year.

Sam Sharp and Mort Estes caught six large possums one day while the snow was on. They sent the carcass of one to Aunt China Burdett, and the old sister concluded it was the running gear of a polecat and threw it away. Aunt China is a clever old darkey and the boys delight in teasing her.

Little Vernon Jones, five-year-old son of F. L. Jones, the jeweler, was bitten by a dog last week, but no attention was paid to it at the time. Later the dog showed signs of hydrophobia and had to be killed. Mr. Jones took his son to Moreland Monday and had a mad stone applied, which adhered readily and remained for two hours. It is hoped that there will be no serious results from the bite.

Miss Belle Cowan, of McKinney, is visiting her grandfather, W. T. Coulter. John Pearl went to Liberty Monday. Rev. J. L. Owens was not able to fill his regular appointment at McKinney Sunday. Jason Lawhorn will move to Louisville in the Spring. McD. Fogle has entered school at Lexington. Uncle Elbert Wells continues quite ill, as does his son-in-law, Eberlee Martin. Both are in a critical condition and not expected to live a great while.

The republican primary here Saturday was quiet enough as to order, but there was considerable hustling among the friends of the different candidates. There is the usual soreness among the defeated candidates and their friends, but republican sores never become chronic and are easily healed. Any way we are not figuring on a serious bolt in their ranks. S. G. Elliott's friends and neighbors, both democrats and republicans, were anxious that he win the nomination for sheriff, but he went down in defeat, as did Jason Wesley, another Middleburg boy, and that is displeasing to many. Lincoln Wells defeated his four competitors by a majority that can not be questioned and he will head the county ticket in November. It is claimed that all manner of fraud was practiced, but it remains to be seen whether those who are kicking will stand for these things.

Representative Brolley, of North Vernon, introduced in the Indiana Legislature a bill to repeal the statute prohibiting the playing of baseball on Sunday.

KINGSVILLE.

Mrs. George Ealy was visiting relatives here.

When you come to Kingsville stop at Smith's Hotel and get a square meal.

Cholera seems to be raging among our good farmers' hogs. A number have died.

Dr. J. W. Acton fell while feeding his stock and was considerably hurt, breaking two ribs. Dr. Singleton of McKinney was to see him.

W. C. Brown and V. C. Gilliland entered W. R. Smith's Business College this week. Little Miss Gertie Trimble has been real sick with pneumonia, but is better.

Last week was the busiest in years. More tobacco was raised and more farms changed hands for taxes than was ever known but it was all done around the fire.

Our town is on a standstill at present with French measles among the children, cholera among the hogs and candidates among the voters, we can only hope for better times.

At the farmers' meeting last week plans were formulated and discussed as to the raising of tobacco and cotton and the building of a warehouse which is a certainty. The meeting was well attended and the 28th was set as time of next meeting.

Our clever operator, Jim Engleman, better known as "Pard," seemed to be in hard luck last Friday night. He fell off the foot bridge in front of the hotel into water almost waist deep, losing his lunch, and Monday night he got lost in or near Kings Mountain.

MATRIMONIAL.

Thomas Jones and Miss Lydia Drew, of Wildie, Rockcastle county, were married at London.

Announcement is made of the engagement of Miss Rosser, formerly of Harrodsburg, but now of Washington City, to Nelson Riker of Harrodsburg. James Ellis and Miss Elsie Miller, Frederick Reid and Miss Anna Miller, all of the Ellisburg section of Casey, were married by a single ceremony Tuesday.

George M. McAlister, formerly of this place, but for the last decade a resident of Mt. Sterling, was married Wednesday to Miss Anna Coleman McCockrell, a charming young woman of that city. The groom is a grandson of the late M. C. Portman.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble and last Winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. New Stanford Drug Co.

Judge Taft was so tickled with apple cider, persimmon beer, sweet potatoes and possum at Atlanta that it is reported that he may turn the White House grounds into a persimmon grove and tater patch and raise his own eatings, but the report lacks confirmation. —Frankfort Journal.

Don't Get A Divorce.

A western judge granted a divorce on account of ill-temper and bad breath. Dr. King's New Life Pills would have prevented it. They cure Constipation, causing bad breath and Liver Trouble, the ill-temper, dispepsia, banish head-aches, conquer chills. 25c at Penny's Drug Store.

To The Democratic Citizens Of The County.

As the primary election draws nearer the lines of battle become better marked and the condition and status of the political situation can be more accurately determined. From the day I made my announcement for the nomination of our party to the office of county attorney, I have been actively engaged in making a canvass of the county and it is very gratifying for me to say to you that my prospect to win the nomination I seek at your hands is very favorable. I will say that I entered the race fully realizing that a victory for me would not be the result of smooth sailing, both of my opponents.

Mr. Burch and Mr. North having preceded me in their announcements. If you will permit me to speak candidly, I will say that it was a conviction that the democracy of the county was dissatisfied with Mr. Burch's record in office, and feeling, with all due respect, that Mr. North was unsuited for the office, he having never practiced law since he became a citizen of our county about 16 years ago, and having devoted his time since being with us, to farming and running for office, except two or three terms' service in the Legislature. This view of the situation induced me to enter the race, and with all due deference will say that my views have since been confirmed by many of you whom I have seen in my canvass.

Now to those among you who are dissatisfied with Mr. Burch's record, and you know enough concerning it without my preferring charges, and without my saying what it has been or what it has not been, I submit to you the proposition, do you want four more years of the same record? If you do, then Mr. Burch is entitled to claim your consideration, but even then, before you support him I want you to know that the political rings and cliques that are now trying to take possession of our party, and that are always a menace to any party, are attempting to force his nomination upon you, and if they succeed in so doing, the most offensive result of his nomination will be the entrenchment and perpetuation of the rings and cliques that infest our party. If you do not want a continuation of Mr. Burch's record and desire to throw your support against the political cliques, then I ask you to vote for me, as the only available candidate that can defeat him. No political ring or clique will be credited with my nomination, for if I win I will have won by the free and untrammelled democracy of this county; and in the event that I am nominated and elected to this office I assure you that no political ring or member of any ring will receive anything more at my hands as an officer than any other citizens or citizen of the county will receive, as I stand pledged to a strict and impartial enforcement of the law. For my other opponent, Mr. North, I will say that he is delighted to be a candidate again, but that you need not bother about voting for him this time, as he is very fond of being a candidate and you can vote for him any old time.

Yours Very Truly,
T. J. HILL, JR.
